SUPER FIRE & SAFETY SERVICES W.L.L.

The ultimate solution for fire prevention and protection

ABOUT US

At Super Fire and Safety, we are dedicated to providing top-quality fire safety solutions and services to our customers. Our team of experienced professionals has a wealth of knowledge and expertise in the field of fire protection, and we are committed to delivering the highest standards of quality and reliability in everything we do.

MESSAGE FROM OUR CEO

Welcome to Super Fire and Safety Services Bahrain!

At Super Fire and Safety, we are dedicated to ensuring the highest level of fire protection and safety for our valued clients. Our team of experts is committed to delivering innovative solutions that safeguard lives, protect assets, and minimize risks.

As the CEO of Super Fire and Safety Services Bahrain, I am proud to lead a team of highly skilled professionals who share a passion for excellence in fire safety. Our collective goal is to provide you with reliable, customized solutions tailored to your specific needs.

We understand that every business, facility, and individual has unique fire safety requirements. That's why we offer a comprehensive range of services, from fire sprinkler systems and suppression systems to alarm systems, gas detection, and much more. Our experienced team ensures that your fire safety systems are designed, installed, and maintained to the highest industry standards.

We prioritize continuous learning and staying up-to-date with the latest advancements in fire safety technology and regulations. This allows us to offer cutting-edge solutions that comply with local codes and standards, ensuring your peace of mind.

Super Fire and Safety Services Bahrain is not just a service provider but a trusted partner on your journey to achieving optimal fire safety. We are committed to building long-lasting relationships with our clients, providing exceptional customer service, and being there for you every step of the way.

Thank you for considering Super Fire and Safety Services Bahrain for your fire protection needs. We look forward to serving you and exceeding your expectations. Together, let's create a safer environment for everyone.

MESSAGE FROM OUR GENERAL MANAGER

Greetings,

As the General Manager of Super Fire and Safety Services Bahrain, I would like to extend a warm welcome to you. We are thrilled to have the opportunity to serve you and provide top-notch fire protection services for your peace of mind.

At Super Fire and Safety, we are driven by our commitment to safety, excellence, and customer satisfaction. Our team of highly skilled professionals is dedicated to delivering exceptional solutions tailored to your specific fire safety needs.

We understand that fire safety is of paramount importance to your business, facility, or home. That's why we offer a comprehensive range of services, including the design, installation, maintenance, and inspection of fire protection systems. From fire sprinkler systems to alarm systems, gas detection, and more, we have you covered.

We take great pride in our expertise and staying at the forefront of industry advancements. Our team undergoes continuous training and professional development to ensure we provide you with the latest technologies, best practices, and compliance with relevant regulations.

As your trusted partner, we are committed to delivering excellence in all aspects of our service. From the moment you reach out to us to the completion of your fire safety project, we strive to provide personalized attention, transparent communication, and a seamless experience.

Super Fire and Safety Services Bahrain is dedicated to building long-term relationships with our clients. We value your trust and the opportunity to be your go-to fire protection service provider. Our success lies in your satisfaction, and we will go the extra mile to exceed your expectations.

Thank you for choosing Super Fire and Safety Services Bahrain. We look forward to serving you and ensuring your fire safety needs are met with the highest standards of quality and professionalism.

Super Fire & Safety Services W.L.L (SFSS) is one among these business units.

OUR SERVICES

- DESIGN
- SUPPLY
- INSTALLATION
- TESTING & COMMISSIONING
- ANNUAL MAINTENANCE CONTRACT

FIRE SPRINKLER SYSTEM

Ensure your property's safety with our advanced fire sprinkler system. Our team of experts designs, installs, and maintains highly efficient fire sprinkler systems to suppress and control fires effectively.

WET RISER SYSTEM

Super Fire and Safety Services Bahrain specializes in the installation and maintenance of wet riser systems, which are essential for buildings with multiple floors. These systems are equipped with pressurized water supply, ensuring that firefighters have easy access to water outlets on different levels. Our skilled technicians ensure that the wet riser systems comply with all relevant standards and regulations, ensuring optimal performance during emergencies.

DRY RISER SYSTEM

These systems are designed to facilitate the delivery of firefighting water to higher floors, enabling firefighters to quickly respond to fire incidents. Our experienced team ensures the proper installation, testing, and maintenance of dry riser systems, ensuring their reliability when needed the most.

DELUGE FIRE SUPPRESSION SYSTEM

For high-risk areas requiring rapid fire suppression, we offer deluge fire suppression systems. These systems utilize open nozzles to discharge large volumes of water or specialized fire suppression agents instantly, ensuring swift fire control.

FOAM FIRE SUPPRESSION SYSTEM

Our foam fire suppression systems are specifically designed for areas containing flammable liquids or materials. These systems rapidly discharge foam to smother and extinguish fires, preventing re-ignition and minimizing damage.

FIRE HYDRANT

Super Fire and Safety Services Bahrain provides professional fire hydrant installation, maintenance, and inspection services to ensure your premises are equipped with reliable and compliant fire protection measures. Trust us to keep your fire hydrant system in optimal condition for enhanced safety.

GASEOUS FIRE SUPPRESSION SYSTEMS:

We provide a comprehensive range of gaseous fire suppression systems, including FM-200, Novec 1230, IG-100, IG-55, and high-pressure CO2 systems. These advanced solutions rapidly extinguish fires without damaging sensitive equipment or leaving residue.

KITCHEN HOOD FIRE SUPPRESSION SYSTEM

Protect your commercial kitchen with our kitchen hood fire suppression systems. These specialized systems quickly detect and suppress fires originating from cooking appliances, safeguarding your staff, customers, and property.

ADDRESSABLE FIRE ALARM SYSTEM:

Super Fire and Safety Services Bahrain installs state-of-the-art addressable fire alarm systems that provide precise fire detection and immediate notifications. These systems offer advanced features for accurate identification of fire locations, enabling prompt response.

CONVENTIONAL FIRE ALARM SYSTEM:

Our conventional fire alarm systems are cost-effective solutions for smaller buildings or budget-conscious projects. These systems provide basic fire detection and alert functionalities, ensuring early warning in case of a fire event.

AIR ASPIRATION SMOKE DETECTION SYSTEM:

Detect smoke at its earliest stage with our air aspiration smoke detection systems. These highly sensitive systems use advanced technology to continuously sample the air, providing reliable and early detection of smoke, even in challenging environments.

GAS DETECTION SYSTEM

Ensure the safety of your premises and personnel with our reliable gas detection systems. We offer comprehensive monitoring of hazardous gases, including combustible gases, toxic gases, and oxygen depletion. Our customized solutions, real-time alerts, data logging, and integration capabilities provide effective gas leak detection and prompt response. Trust Super Fire and Safety Services Bahrain for expert installation, maintenance, and calibration of your gas detection system. Safeguard your environment with our advanced gas detection solutions. Contact us today for enhanced safety measures.

FIRE EXTINGUISHERS

Super Fire and Safety Services Bahrain offers a comprehensive range of fire extinguishers to suit different types of fire hazards. Our selection includes ABC dry powder, CO₂, foam, water, and wet chemical extinguishers. We provide expert guidance in choosing the right extinguishers for your specific needs, and our technicians ensure their proper installation, regular maintenance, and recharge services to keep them in optimal condition.

FIRE PUMP

Super Fire and Safety Services Bahrain also specializes in the installation and maintenance of fire pumps. Our expert technicians ensure the proper sizing, installation, and regular maintenance of fire pumps, ensuring their readiness and optimal performance during fire emergencies.

PRE-ACTION SPRINKLER SYSTEMS

Super Fire and Safety Services Bahrain specializes in pre-action sprinkler systems, offering advanced fire protection with minimal water damage. These systems combine dry and wet pipe features, ensuring water is released only when a fire is confirmed. With dual detection methods and customized solutions, our pre-action systems provide enhanced protection, prevent damage, and enable rapid response. Our experienced team handles installation, maintenance, and inspections, ensuring compliance and reliable performance. Trust us for top-notch pre-action sprinkler systems that prioritize safety and property protection. Contact us today for advanced fire protection solutions.

FIREPROOF COATING:

Protecting your structural elements from fire damage is crucial, and our intumescent fire coating provides an effective solution. Applied to surfaces, this fire-resistant coating expands when exposed to high temperatures, creating an insulating layer that delays heat transfer and protects the underlying materials. Our specialists meticulously apply intumescent coatings to enhance fire resistance and comply with safety standards.

EPOXY COATING

Enhance the durability and fire resistance of your floors and surfaces with our high-quality epoxy coating solutions. Our epoxy coatings create a seamless and protective layer that resists fire, chemicals, and wear, ensuring a safer environment for your property. Whether it's for industrial warehouses, commercial facilities, or residential spaces, our experienced team applies epoxy coatings that provide exceptional strength, easy maintenance, and enhanced safety.

Count on Super Fire and Safety Services Bahrain for comprehensive fire protection solutions. From fire sprinkler systems and specialized suppression systems to alarm systems, fire extinguishers, and more, our experienced team is dedicated to ensuring the highest level of safety and protection for your property. Contact us today to discuss your specific fire safety requirements and to learn more about our services.

DESIGN

Our design team is made up of experienced professionals who are experts in creating custom fire protection solutions. We understand that every building and situation is unique, which is why we take a personalized approach to every design project.

Our team utilizes the latest technology and tools to create accurate, detailed designs that meet or exceed all applicable codes and standards. We have experience designing active and passive fire protection systems for a wide range of buildings, from single-family homes to large commercial complexes.

Our design process starts with a thorough analysis of your specific needs, requirements, and goals. We then work collaboratively with you to develop a design that meets all your needs while keeping safety and efficiency as our top priorities.

We take pride in our ability to deliver high-quality designs on time and within budget, and we are committed to working closely with our clients to ensure their complete satisfaction. Whether you need a new fire protection system design or an update to an existing one, our design team has the expertise and capabilities to meet your needs.

Contact us today to learn more about our design services and how we can help you protect your property and people from the devastating effects of fire.

SUPPLY

we consider supplying top-quality fire protection products as a crucial part of fulfilling our commitment to assisting our clients in safeguarding their property and people from the devastating effects of fire. Our product line includes Potter fire alarm systems from the USA, Rapidrop fire protection systems from the UK, FSL UK fire safety products, fire suppression systems, and Patterson Fire Pumps. We take pride in our ability to provide efficient delivery and top-notch products and services that meet or even exceed our clients' expectations. Our team is dedicated to ensuring a fast and reliable delivery process.

INSTALLATION

Our installation team has years of experience working with a variety of fire protection systems, including active and passive systems, as well as specialized systems for hazardous materials and environments. We are equipped with the latest tools and technology, allowing us to complete installations quickly, efficiently, and to the highest standards.

We work closely with our clients to ensure that all installations are performed according to their specific needs and requirements. We believe that communication is key to a successful installation, and we make it a priority to keep our clients informed throughout the entire process.

Our installation team is committed to delivering high-quality workmanship that meets or exceeds all applicable codes and standards. We take pride in our ability to complete projects on time and within budget, and we stand behind our work with a comprehensive warranty.

Whether you need a new fire protection system installed or an existing one updated, our installation team has the expertise and capabilities to get the job done right. Contact us today to learn more about our installation services and how we can help you protect your property and people from the devastating effects of fire.

TESTING & COMMISSIONING

Our team of trained and experienced professionals uses the latest technology and equipment to perform thorough testing and commissioning of all fire protection systems.

ANNUAL MAINTENANCE CONTRACTS

Our annual maintenance contracts are designed to provide our clients with peace of mind, knowing that their fire protection systems are being maintained by a team of trained and experienced professionals. Our team works closely with clients to develop a customized maintenance plan that meets their specific needs and requirements.

We offer 24/7 service, including emergency response, to ensure that our clients' fire protection systems are always functioning properly. Our team is equipped with the latest tools and technology, allowing us to quickly and efficiently address any issues that may arise.

We take pride in delivering high-quality maintenance services that meet or exceed all applicable codes and standards. Our team is committed to working quickly and efficiently to minimize downtime and reduce the risk of fire-related damage or loss.

OUR BRANDS

Potter Electric is a company that provides fire alarms and fire sprinkler systems.

Potter Fire Alarm Systems include AFC series and IPA series fire alarm control panels, integrated voice systems, networking and integration solutions, conventional fire alarm systems, and notification appliances.

Potter Fire Alarm Systems have various features such as industry leading technology, dependability, ease of use, and compliance with international and local standards.

Rapidrop is a British manufacturer and supplier of fire sprinklers and fire suppression equipment.

Rapidrop offers a wide range of products for commercial and residential applications, such as flexible sprinkler hose and accessories, sprinkler heads, isolation valves, check valves and strainers, alarm valves, pressure reducing and relief valves, residential sprinkler systems, grooved couplings and fittings, electrical switches, wet and dry risers and hose reels, and pump room equipment.

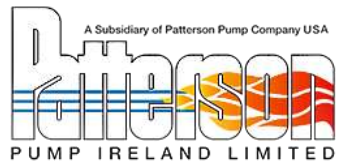

Rapidrop products have international and local approvals and accreditations from various bodies such as FM, UL, VdS, LPCB and CE

FSL UK is a company that provides fire suppression systems and solutions for various applications.

FSL UK offers two types of fire extinguishing systems: INERTECH and FSL 1230.

INERTECH systems use naturally occurring gases such as IG-01, IG-100, IG-541 and IG-55 to provide total flood fire extinguishing with a discharge time of 60 to 120 seconds.

Patterson fire pump is UL listed, FM approved, and compliant with NFPA 20 design requirements.
